

providing world class
aviation training solutions

Excellent track record for professional airline pilot training

Since 1982 FTA has trained cadets from 28 major airlines. Exposure to airlines from all over the world has given us invaluable insight into understanding different cultures and tailoring training packages accordingly.

FTA is an approved training provider for:

Hong Kong Government
Flying Services

We will exceed the expectations of sponsored cadets and self-funded students

FTA provides world-class, customised aviation training programs for the fixed-wing and rotary wing industry. Our training ethos is focussed on producing future airline and helicopter captains, rather than training students just to obtain a flying licence. FTA employs highly experienced, dedicated ground and flight instructors to ensure quality flight training. In addition, our services include:

- Training and accommodation all located on one campus.
- Access to a comprehensive learning resource centre.
- Student committee contributes to campus day-to-day management.
- Student support via a welfare and mentoring program.

Overview

Flight Training Adelaide is a residential college located at Parafield Airport, South Australia. A full range of services are available at FTA including selection, student welfare department, English language training, airborne flight grading, CPL, MECIR, ATPL, MCC, jet transition, flight instructor and helicopter pilot training. FTA offers students a unique and comprehensive CASA ground theory computer-based training system for self-study.

Parafield Airport

Served by two sets of parallel runways, Parafield Airport has a substantial capacity for all circuit training. Parafield Airport is located only 20 km from Adelaide International Airport, allowing students ready access to IFR operations in an international terminal area environment with moderate traffic density.

- 1 Mechtronix Ascent XJ (B737NG) with ATR 42 flight module
- 1 Mechtronix FFT-X MPL A320
- 1 TH100 (Helicopter)

Adelaide, South Australia

Adelaide, the capital of South Australia, is a modern and innovative city with a population of around 1.2 million people. With a Mediterranean climate, South Australia is home to some of the worlds leading wine growing areas, many of these within a one hour drive of the city.

A vast expanse of Australia's central and outback regions are located to the north and west of Adelaide, however the city boasts many beautiful beaches and offers a wide variety of water sports. Almost all other sporting activities are also catered for in Adelaide. Adelaide is a truly multicultural city. This diversity is reflected in the large number of carnivals and art festivals that are a feature of the Adelaide community, and the many fine restaurants, theatres and art galleries in the city.
